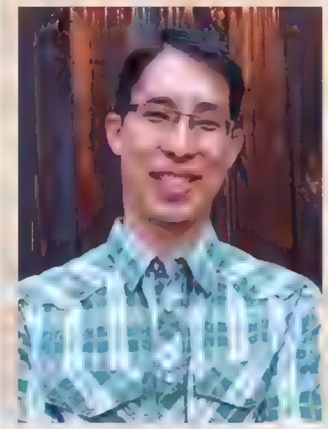
## In this issue: *Free Comic Book Day 2015!*

If it's January, then it's time to unveil the new batch of comics to be made available — FREE! — from participating retailers around the country (and the world), on Saturday, May 2nd! From the major publishers to small press favorites, there's something for everyone again this year, plus we're unveiling our sixth annual FCBD Artist Series Commemorative T-Shirt, this year designed by artist Amanda Conner of **Harley Quinn** fame! Amanda's design joins previous creators Sergio Aragones, Darwyn Cooke, Jim Lee, Jim Cheung, and Skottie Young for this annual offering, and her design features a great mix of images evoking the spirit of Free Comic Book Day!

## FLIPSIDE INTERVIEW: GENE LUEN YANG, THE LAST WORDBENDER!



Gene Luen Yang is the author of the graphic novels *American Born Chinese*, *Boxers* and *Saints*, and is currently writer for the *Avatar: The Last Airbender* graphic novels for Dark Horse Comics. His work on the series has made it one of Dark Horse's bestselling titles, and that work itself will be on display this May when Dark Horse Comics releases their Free Comic Book Day all-ages sampler featuring *Avatar* and other great series. Gene recently took time out of his busy schedule to speak with us about his work on *Avatar*, future developments for the series, his latest creator-owned project, and more!

## HAPPY NEW YEAR!

EDITOR'S *note*

Welcome to the launch of ***PREVIEWS'*** 27th year of publication! ***PREVIEWS*** is well on its way to reaching our 325th issue later this year, and we're excited to bring you all along to meet — and surpass — this minor 2015 landmark with us!

This month, we're proud to once again reveal our new crop of titles for FREE COMIC BOOK DAY 2015 on May 2nd, 2015! We've got another stellar line-up of titles — 50 in all! — with truly something for every taste under the sun, for comics readers of all ages.

We're also very excited to be offering our sixth FCBD Artist's Series Commemorative T-Shirt, this year illustrated by the Amanda Conner, she of *Harley Quinn* and *Power Girl* fame! Amanda has created a great new image the evokes the best that FCBD has to offer. And like last year, we're also releasing her FCBD image as a ready-to-display-on-your-wall poster! You can check out the shirt, and all of the FCBD listings and other merchandise, beginning on page 25 of this issue!

Also, look for a special insert from Viz featuring the classic Japanese character *Doraemon*! Featuring pages from the new manga, as well as a calendar you can use all year long, this classic character is not yet well known here in the states, but give him time… America is gonna love this kooky robot cat from Japan!

So, I wish you a happy ***PREVIEWS*** New Year, and urge you to "Save the Date" and prepare yourself for Free Comic Book Day 2015 — it's just a few months away!

# PREDATOR

PLAY ARTS 改
ACTION FIGURE KAI

## PREDATOR
(Movie Ver.)

Release: MAY 2015

SRP: $120.00

The result of a primitive culture paired with a supreme intellect, the Predator established itself as a new breed of invader from space. Now the original Predator makes its appearance in the PLAY ARTS KAI lineup. Its raw, organic details as well as the realistic metallic sheen of its armor are both captured in this one figure, to bring out the contrasting primal and advanced technological characteristics of the Predator.

Utilization of translucent parts in select areas and the intense paintwork application creates the realistic wet look of a living creature, while inorganic elements like the armor and weapons are tarnished and weathered, just like in the movie.

There are a wide variety of accessories, from an interchangeable face piece and helmet, to a human skull that the Predator has obtained through its hunt. Figure also includes display stand and interchangeable hand parts.

Spec: PVC Action Figure
Package: Window Box

Figure Size: W 5.5" x D 4.1" x H 11"

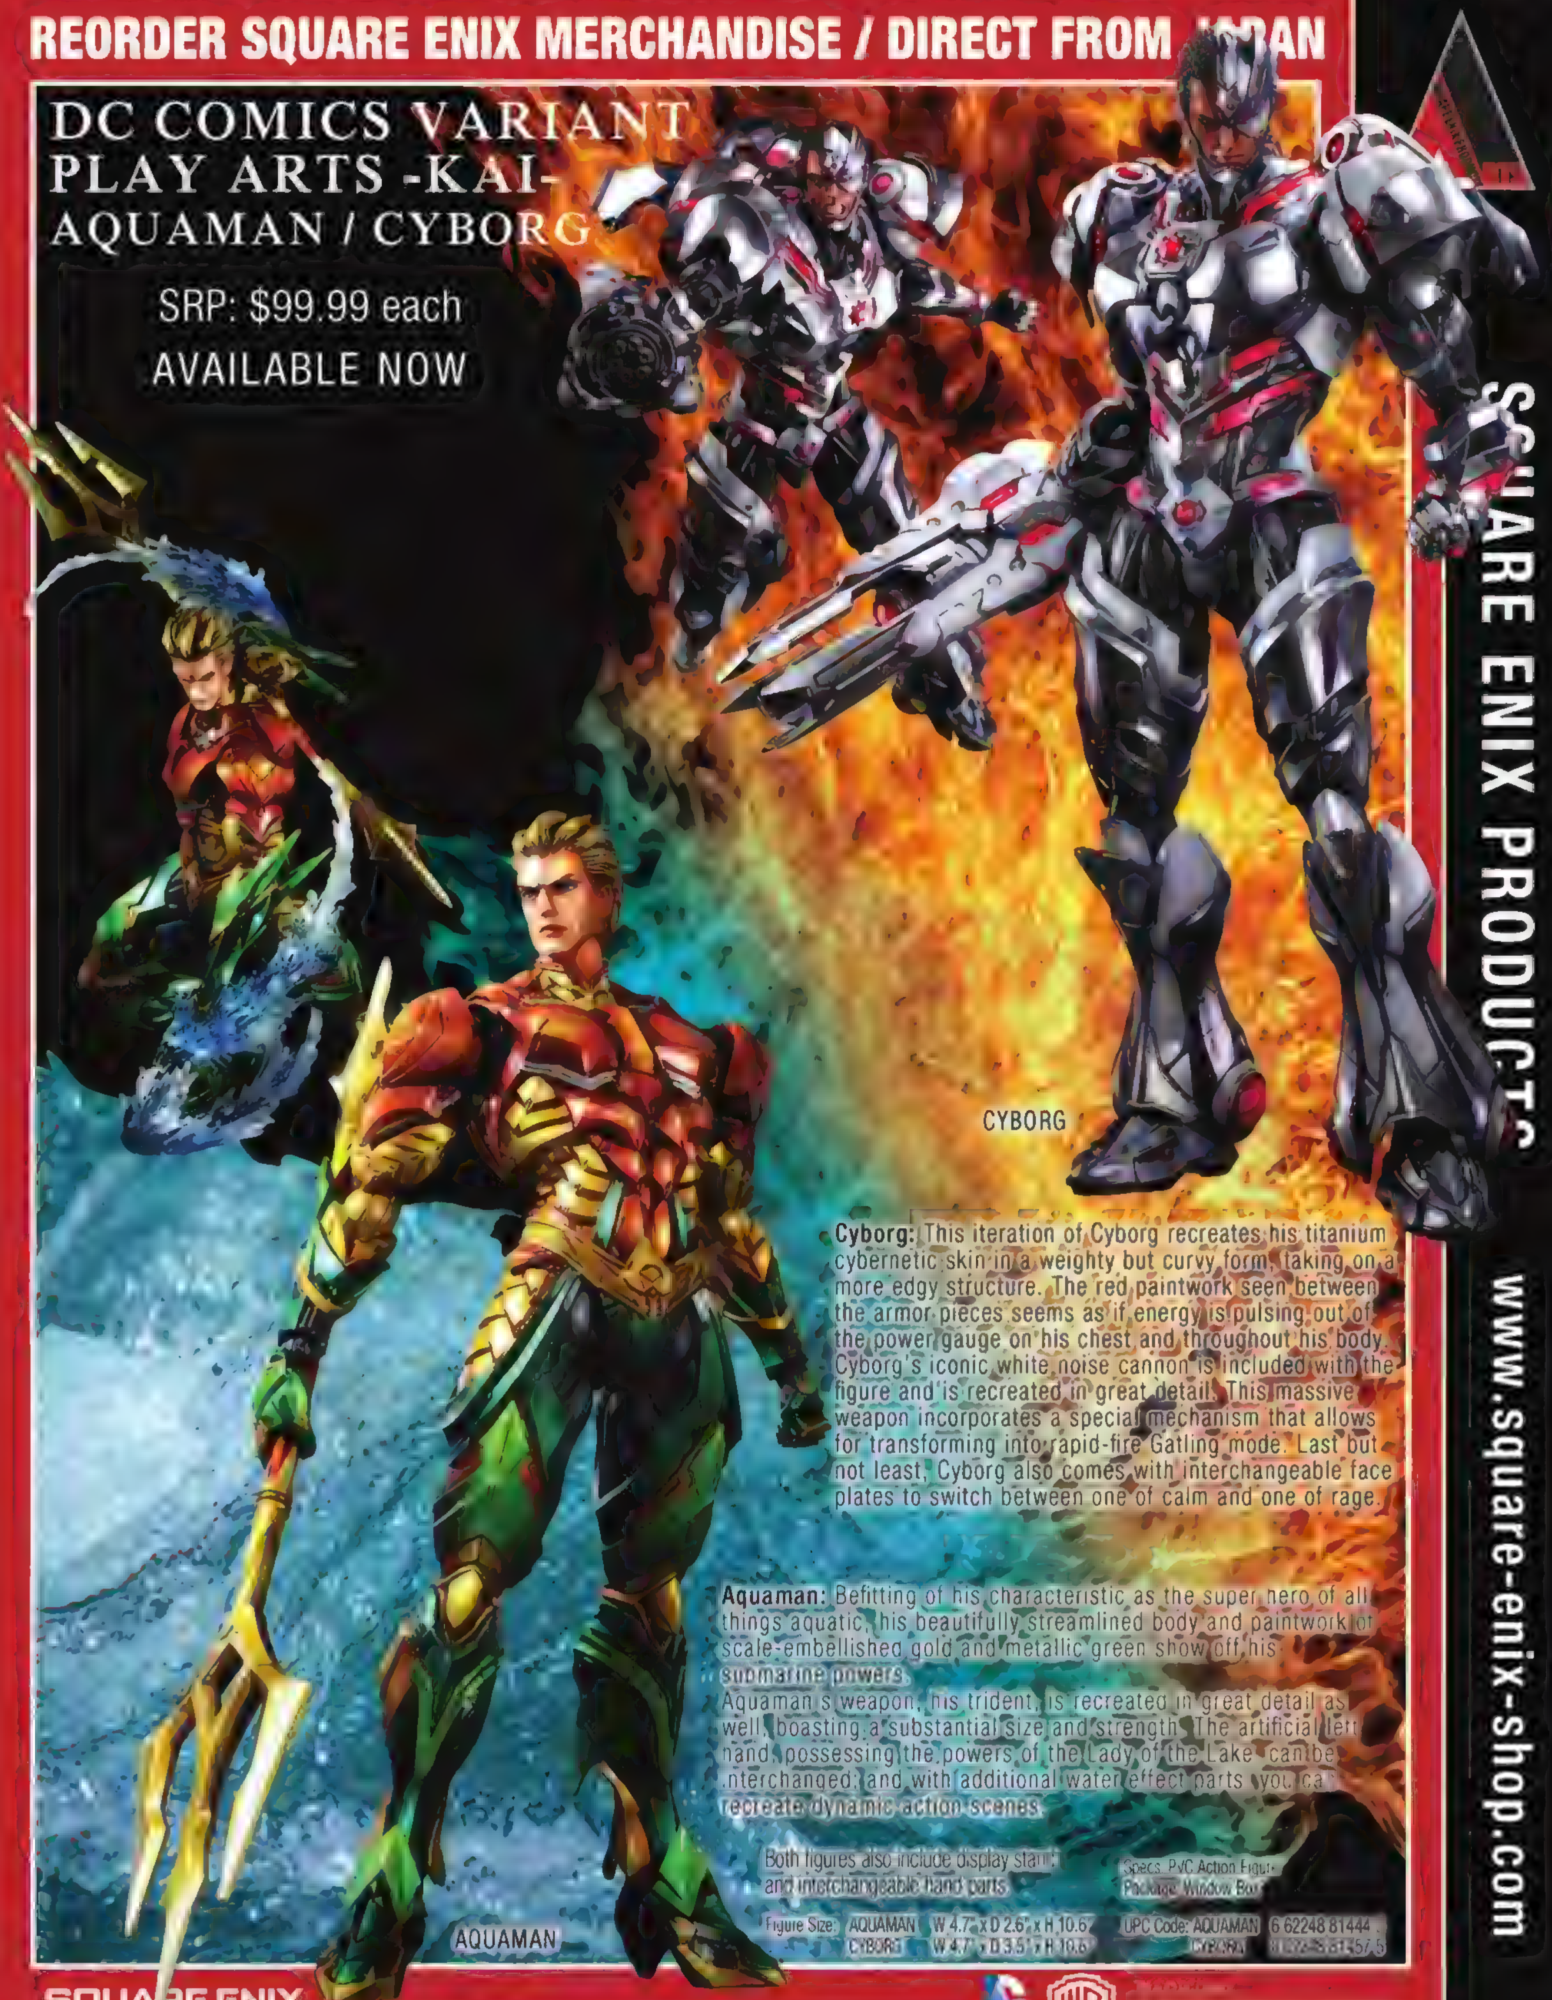
# DC COMICS VARIANT PLAY ARTS -KAI- AQUAMAN / CYBORG

SRP: $99.99 each

AVAILABLE NOW



**Cyborg:** This iteration of Cyborg recreates his titanium cybernetic skin in a weighty but curvy form, taking on a more edgy structure. The red paintwork seen between the armor pieces seems as if energy is pulsing out of the power gauge on his chest and throughout his body. Cyborg's iconic white noise cannon is included with the figure and is recreated in great detail. This massive weapon incorporates a special mechanism that allows for transforming into rapid-fire Gatling mode. Last but not least, Cyborg also comes with interchangeable face plates to switch between one of calm and one of rage.

**Aquaman:** Befitting of his characteristic as the super hero of all things aquatic, his beautifully streamlined body and paintwork of scale-embellished gold and metallic green show off his submarine powers.
Aquaman's weapon, his trident, is recreated in great detail as well, boasting a substantial size and strength. The artificial left hand, possessing the powers of the Lady of the Lake, can be interchanged; and with additional water effect parts you can recreate dynamic action scenes.

Both figures also include display stands and interchangeable hand parts.

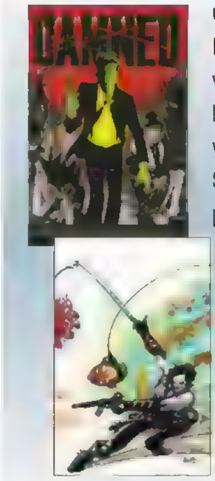
## This month's featured creator is...

# CULLEN BUNN



**Cullen Bunn, please tell us about yourself!**

I was born the son of a stage hypnotist and natural born storyteller, which is probably where my interest in writing was born. I've been writing comic books professionally since 2006, beginning with the publication of *The Damned* (FEB108430) from Oni Press. Since then, I've worked on a number of projects for a number of publishers. I'm currently writing *Magneto* (JUN140739) and some *Deadpool* limited series (APR140764) for Marvel, *Sinestro* (OCT140359) and *Lobo* (AUG140207) for DC, and a number of creator-owned projects. For the last few years, I've been writing the supernatural western *The Sixth Gun* (JUN131225) for Oni Press. I live in the St. Louis area with my wife and son. Anyone who really wants to see how charming and adorable I am should visit my website (*www.cullenbunn.com*) and follow me on Twitter (*@cullenbunn*)!

**What are your favorite projects you've contributed to over the past decade?**

*Such a tough question!* Writing comics has been a dream of mine for so long. There are so many projects that have been pure joy for me! *The Damned* is a favorite of mine, and not just because it was my first published series. I love those characters and that world. Brian Hurtt and I intend on returning to that world. *The Sixth Gun* is something I'm pretty proud of. We're closing in on the final issue of that series, and it will be bittersweet when it's all over. I've been pretty happy with the *Deadpool* books I've done, because I feel like I did something different and unexpected with them. The same could be said for the short-lived *Fearless Defenders* (MAY130725). With *Magneto* and *Sinestro*, I'm able to explore villainy from two different perspectives, which is a lot of fun. One project I'm really proud of — because it is so strange and unlike anything else I've done (or will likely ever do) — is *The Tooth* (DEC108365), from Oni Press, which is an original graphic novel I did with Shawn Lee and Matt Kindt.

**What are you currently working on?**

*The Sixth Gun* is barreling rapidly toward its epic conclusion. And while I'm writing *Magneto*, *Sinestro*, *Lobo*, and a couple of other books for Marvel and DC, I'm also working on a few new creator-owned titles. At Oni Press, I'm working on *Hellbreak* (a new ongoing series) with Brian Churilla, and my *Terrible Lizard* (DEC141591) cohort Drew Moss and I are cooking up a new top-secret series! I'm also working on *Harrow County*, a backwoods horror tale, with Tyler Crook for Dark Horse.

**What fun titles are you reading?**

*Southern Bastards* (JUL140517) by Jason Aaron and Jason Latour is my favorite series right now — so much awesomeness and it's full of surprises! *Wytches* (AUG148445) by Scott Snyder and Jock has been great and really scary. The upcoming *Lady Killer* (NOV140021) from Joelle Jones and Jamie S. Rich is a lot of fun too. As for OGNs, I've loved *I Was the Cat* (FEB148185) by Paul Tobin and Ben Dewey, and Ray Fawkes' *The People Inside* (APR141286) was really wonderful.

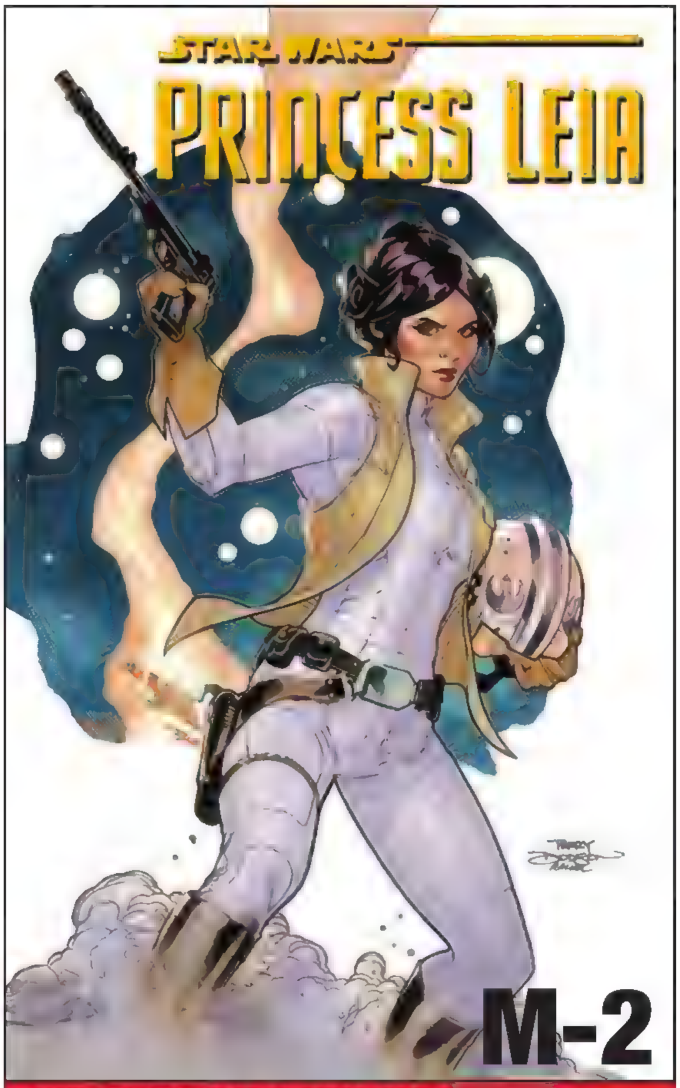
# PRINCESS LEIA MUST BALANCE THE NEEDS OF HER PEOPLE AGAINST THE DEMANDS OF THE REBELLION



■ MARVEL PREVIEWS, $3.99, 32PGS., PAGE 2

The blare of trumpets, the *Star Wars* logo receding into the distance, the text crawl — for a generation of filmgoers, in 1977 George Lucas created a modern mythology with the first *Star Wars* film. One of the first heroic characters audiences met was Princess Leia Organa of the planet Alderaan in the corridors of the Rebel Alliance's Blockade Runner. This March, Marvel Comics chronicles the life of the Alderaanian princess in the new *Princess Leia* mini-series from Mark Waid and Terry Dodson!

A leader in the Rebel Alliance, Leia was also raised to be a leader of her people. Captured by the Empire, Leia watched helplessly as Grand Moff Tarkin unleashed the powers of the Death Star on her homeworld and destroyed Alderaan. There were Alderaanians off-world, as Leia was, and the Empire's atrocity made them a people without a home and Leia a princess without a world to rule. Can she be the comforting voice that the Alderaan's survivors need in these dark days? She has been defined her whole life as an Alderaanian princess; how does the loss of her homeworld alter her sense of identity? Leia must balance the demands of the Rebel Alliance's desperate fight against the Empire with the need to be a leader for Alderaan's refuges.

Falling between *Star Wars* and *The Empire Strikes Back*, *Princess Leia* tells an important and untold story in Leia's life, and two of today's top creators join forces for this important tale. Mark Waid, the acclaimed writer of Daredevil and S.H.I.E.L.D., pens a character-driven story about a young woman at a crossroads in her life, and Terry Dodson, a fan-favorite artist for his sensitive and powerful female characters, are at the top of their game on *Princess Leia*.

*Princess Leia* promises sci-fi action and solid character work in a tale that no *Star Wars* fan will want to miss this March!

# MIKE MIGNOLA UNLEASHES THE MONSTER IN *FRANKENSTEIN UNDERGROUND*

Conceived and written by the shores of Lake Geneva in 1816, Mary Shelley's *Frankenstein, or The Modern Prometheus* is one of English literature's most famous novels, a Gothic masterpiece about a doctor, driven to uncover the secrets of life, and the creature, made from the dead, that he created. *Frankenstein* has been retold and reimagined time and again, and this spring Hellboy's Mike Mignola puts his unique stamp on the story for Dark Horse Comics' *Frankenstein Underground!*

Shelley's novel ends with the Frankenstein monster, wandering the Earth, and Mignola's story picks up with the monster, alone and abandoned, searching the world for meaning to his unnatural existence, seeking a place where he belongs. His journey will take him far beneath the Earth, where strange creatures live, and where he might find the hitherto unknown secrets of the universe.

Joined by artist Ben Stenbeck, Mike Mignola reimagines a classic horror character in Dark Horse Comics' *Frankenstein Underground*, coming your way in March!

# A ROBOTIC BOY MUST FIND HIS PLACE IN A HOSTILE UNIVERSE

Long ago, humanity colonized the stars with the help of its robots. Then, a decade ago, monstrous robots dubbed "Harvesters" arrived without warning, destroying planets and wiping out civilizations. Humanity reacted with fear, as it often does, and robots were stigmatized, outlawed, and, thanks to bounty hunters, exterminated. But one artificial boy, TIM-21, may hold the key to the understanding the Harvesters, but will he live long enough to tell the secret?

Jeff Lemire (*Sweet Tooth*) and Dustin Nguyen (*Li'l Gotham*) come to Image Comics with *Descenders*, the tale of a boy robot, his pet robot Bandit, and his best friend robot Driller and their search for a place in a hostile universe. Hunted by bounty hunters, hated by the survivors of the Harvester apocalypse, and with uncertain dangers lurking at every turn, *Descenders* is Image Comics' next great space opera, one filled with heart, humanity, and charm — and one you won't want to miss!

## ALIENS BEWARE, ROCKET RACCOON IS HERE! 481

Prepainted with plug-and-play parts, Rocket Raccoon assembles quickly and, when finished, is as dynamic as an action figure on the included display base. In Neopolis's Precinct 10, where every citizen has super powers, they are the law: A talking, armored dog. A genetically engineered "perfect woman." A high-tech cowboy. A rookie with a toy box full of "helpers." These are the cops of the Eisner Award-winning TOP 10. This new title collects the original 12-issue series in trade paperback for the first time.

SELFISH-NESS
Ayn Rand, Morality, and the Financial Crisis

## ABRAMS COMICARTS

### THE AGE OF SELFISHNESS: AYN RAND, MORALITY, AND THE FINANCIAL CRISIS HC

*(W) Darryl Cunningham*
*(A/CA) Michael Goodwin*

Tracing the emergence of Ayn Rand's philosophy of objectivism in the 1940s to her present-day influence, Darryl Cunningham uses Rand's biography to illuminate the policies that led to the 2008-9 economic crash in the U.S. and in Europe, and how her philosophy continues to affect today's politics and policies. Cunningham shows how right-wing conservatives, libertarians, and the Tea Party have co-opted Rand's teachings, and its inherent contradictions, to promote personal gain and profit at the expense of the middle class. Cunningham ultimately delivers a devastating critique of austerity-driven economics. (STK663756)

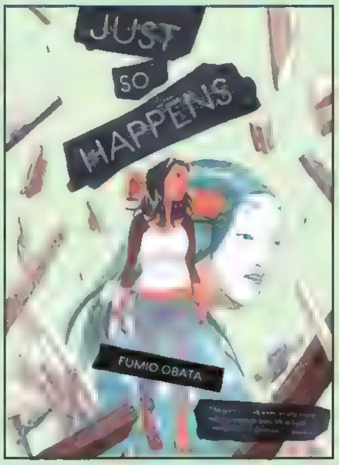
## SPOTLIGHT ON

### JUST SO HAPPENS

*(W/A/CA) Fumio Obata*

Certified Cool



Yumiko was born in Japan but has made a life in London, losing herself in its cosmopolitan bustle. She has a gallery show of her art, a good job, and a good guy she plans to marry. The culture she grew up in seems very far away — until her brother phones with the news that their father has died. Yumiko returns to Tokyo and finds herself immersed in the rituals of death while also plunged into the rituals of life — fish bars, bullet trains, pagodas — as she confronts the question of where her future really lies. *Just So Happens* deals both gently and powerfully with grief, identity, and the pressure not to disappoint one's parents, even after they're gone, in a look at the relationships that build the foundation of our lives. ### PARTS UNKNOWN VOLUME 1 GN

*(W) Beau Smith (A/CA) Brad Gorby*

Scalons. Ruthless reptile-like beings that are well versed in the ways of rape, pillage and plunder. When the atmosphere of their home planet went bad and killed the females of their race they knew the males had to branch out and do so quickly before they too were claimed by the toxic air of the planet Scalon. Earth became their new home, one that needed to be furnished to satisfy their own twisted needs. That meant spreading their evil seed with Earth women to produce a new hybrid race so that they could officially claim Earth as their own. To do this it meant that Earth women would be captured and taken against their will. Anyone that got in their way would die. Two members of an elite Chicago crime unit are going to try and make sure this doesn't happen! (STK664236) (C: 0-1-0)

## ALTER EGO #132 &
## BACK ISSUE MAGAZINE #80

### TwoMorrows Publishing

With Superman and Batman already passing their 75th anniversaries it's hard to believe both The Flash and Green Lantern are also hitting the big 75. So many of comics' historic characters are hitting milestone anniversaries, and we can rely on TwoMorrows publishing to do it right and treat the characters and the creators behind them with the respect they deserve.

*Alter Ego* #132 covers the Golden Age and Silver Age eras (1940 to 1970), and *Back Issue* #80 follows those heroes into the Bronze Age and beyond. Everyone is covered from Jay Garrick to Barry Allen and the real Alan Scott to Hal Jordan.

Both magazines feature artwork by some of the top creators of their time – Carmine Infantino, Gil Kane, Joe Kubert, Lee Elias, Marty "Golden Age GL" Nodell, Alex Toth for the Golden and Silver Ages, and into the 1970s and 80s we see work by John Byrne, Mike Grell, Denny O'Neil, Irv Novick, Ross Andru, and others.

While crossovers in the Golden Age were usually left to the team-up books like *All Star Comics*, in the 60s all that changed as characters could appear in another hero's book with meetings between the Barry Allen Flash and the Hal Jordan Green Lantern as only Julie Schwartz could arrange, which helped to add character to the world of DC heroes. While the events of *Crisis on Infinite Earths* changed many aspects of those crossovers, it did lead to Mark Waid and Barry Kitson's *The Brave & The Bold* mini-series featuring The Flash and Green Lantern, keeping true to what's gone on before yet brought into the current era.

TwoMorrows has put out excellent product for years and being a big fan of the Schwartz-era Green Lantern I can't praise these issues or these titles enough. With a TV series and planned movies, these magazines will bring you up to speed.

New World Order Wrap Bagged: **$5.99**

**New World Order Wraparound**: These are not for the faint of heart or delicate of constitution. We can't even picture them in this catalog, they are visions of what an ideal all-Crossed world would be. If the madmen have their dreams come true, what would the everyday life look like? These covers are brutally intense images of true horror and may have scenes of torture, depravity, and nudity. These are clearly for adults only. Each copy of this edition will ship in a sealed polybag with a protective slip cover over the actual image to assure it can be racked in stores. The graphic pictured here is the slip cover only. Due to all these special protective measures this edition is strictly limited to initial orders.

# HELLBREAK #1

## Oni Press

*Hellbreak*, the newest series from *Sixth Gun* writer Cullen Bunn and artist Brian Churilla (*Big Trouble in Little China*) is action packed and set to send every demon possessing some hapless human straight back to hell!

While working in conjunction with the Catholic Church, Project Kerberos has designed and begun utilizing technology that allows them to send small teams from our reality into Hell and back. They've discovered that there isn't just one Hell but a whole mess of them and it's their job to visit those various underworlds to save lost souls of people whose bodies are possessed by demonic forces. Imagine a team with fantastic technology, the skills of Seal Team Six, and a leader who can throw down with demons and has the business acumen to sell a program to clients where the basic service is going to Hell.

Veteran team members of Project Kerberos note that they've taken several trips to various Hells and come back alive and for the most part unscathed. One wonders while reading this title what sort of enemies this team builds on each trip to the afterlife. Will they one day become permanent residents in one of the underworlds the team has visited or is there a special Hell waiting for them shaped by their own actions?

Be sure to check out *Hellbreak* from Oni Press on shelves March 2015 with variant covers by Cliff Chaing, Dave Johnson, and Jenny Frison.

Illustrated by **Vanesa R. Del Rey**
Covers by **Vanesa R. Del Rey**, **Trevor Hairsine** *(Ten Years Variant INCV)*, **Dustin Nguyen** *(INCV)*
**$3.99 • 32 Pages • Full Color**

## WHY WE LOVE IT

***Hit: 1955*** was one of our favorite original series of 2013, a dark, violent dive into the depths of 1950s corruption in Los Angeles featuring the writing of Bryce Carlson and the debut of Russ Manning Award for Most Promising Newcomer nominee Vanesa R. Del Rey. We couldn't wait to take another ***Hit!***

## WHY YOU'LL LOVE IT

The next entry in the Harvey Award-nominated series, ***Hit: 1957***, takes us later in the seminal decade of change for the LAPD—familiar faces, new threats, and more sharp, smart noir. Even if you missed out on the first series, if you're a fan of crime comics like *Parker*, *Criminal*, and *Tumor*, ***Hit*** is in your wheelhouse.

## WHAT IT'S ABOUT

Crime is down in Los Angeles—at least, on the surface. Mickey Cohen has been quiet since his release from prison and the LAPD has seemingly regained control of the city. But the underground is a different story. Det. Harvey Slater and company have spent the last two years focused on Domino and his Syndicate's unrelenting infiltration, but no matter how many people the hit squad kills, the real fight for Los Angeles rages on. Meanwhile, Slater's being hounded by Internal Affairs, Bonnie Brae is missing, and everything is falling apart at the seams.

### WHY WE LOVE IT

Comics veteran Jimmy Palmiotti *(Harley Quinn)* is a master at crafting humorous, snarky comics, and for ***The Con Job*** he's teamed up with longtime comics journalist-turned-writer Matt Brady *(Buck Rogers)* and artist Dominike "Domo" Stanton *(Deadpool)* for a unique heist story. They've put the "con" back in comic conventions.

### WHY YOU'LL LOVE IT

In the mood for a character-driven, comic book convention crime caper? Palmiotti and Brady have crafted a *Galaxy Quest* meets *Ocean's 11*-style crime story set in the larger-than-life backdrop of the modern convention circuit. You thought cons couldn't get any bigger? You have no idea.

### WHAT IT'S ABOUT

## EVIL EMPIRE VOL. 1 TP

Written by **Max Bemis**
Illustrated by **Ransom Getty, Andrea Mutti**
Cover by **Jay Shaw**
**$14.99 • 112 Pages • Full Color**

### WHY WE LOVE IT

After ***Polarity***, we were itching to work with writer (and Say Anything lead singer) Max Bemis again, and his thrilling take on how a modern society could evolve into an evil empire is absolutely terrifying.

### WHY YOU'LL LOVE IT

Every fan of fiction is aware of the trope of the "evil, sinister empire" i.e. the Empire in *Star Wars*. Oftentimes, when we are introduced to these totalitarian establishments, they're already fully in power and it's up to our hero to bring back order and peace. However, in ***Evil Empire***, we explore how that would unfold in a real-world setting. How close to the precipice are we right now in the world we live in? Would we let it happen? Would we secretly WANT it to happen?

### WHAT IT'S ABOUT

The sands are shifting in America's public consciousness. One action has torn the country apart in a debate over the meaning of right and wrong, and Reese Greenwood is not about to stand by as the American people support the rantings of a mad man. Told through the perspective of an underground rapper with a political bone to pick, Max Bemis' gripping story explores a scenario in which we watch modern society gradually evolve into an evil empire. Collects issues #1-4.

# THE MARCH OF THE CRABS VOL. 1: THE CRABBY CONDITION HC

Written & Illustrated by **Arthur de Pins**
Cover by **Arthur de Pins**
**$19.99 • 112 Pages • Full Color**

## WHY WE LOVE IT

At Archaia, we love bringing great comics from all over the world to English-speaking audiences, stories they would never get to see otherwise (see *The Killer*, *Okko*, *Toppi's The Collector*, and others). When we read French title ***The March of the Crabs*** by animator Arthur De Pins, we knew right away we had to add it to our list!

## WHY YOU'LL LOVE IT

Arthur De Pins art style is a slick, fun tribute to Art Deco, something rarely seen in comics. The story of a hapless species of crab is an endearing look at one of nature's cruel jokes, but made light by a humorous presentation with likable characters, reminiscent of films like Ice Age and Finding Nemo

## WHAT IT'S ABOUT

For centuries, the square crab has only been able to move side-to-side in one direction. But some brave crabs decide it's time for revolution! A few of the brave crustaceans in an estuary on the French coastline decide it's time to try and actually turn for once, but what does their evolution revolution mean for the human race?

Covers by **Lissa Treiman**, **Shelli Paroline** & **Braden Lamb** *(Ten Years Variant INCV)*, **Meredith Gran** *(INCV)*
**$3.99 • 32 Pages • Full Color**

## WHY WE LOVE IT

John Allison is well known for his funny and intelligent webcomics *Bad Machinery* and *Scary Go Round*. His story of three friends at university lightly flavored with the occult features some of the best dialogue in comics, and we couldn't help but think it's like *Monty Python* goes to college. Sign us up!

## WHY YOU'LL LOVE IT

John Allison's daily webcomics are hilarious, the kind of strips where every panel makes you laugh out loud. As a result, John has earned a large, loyal following of readers that have followed his work daily for the past 12 years. This is a series fans of things like *Buffy the Vampire Slayer*, *Scott Pilgrim*, or *Gunnerkrigg Court* will not want to miss

## WHAT IT'S ABOUT

Susan, Esther, and Daisy started at university three weeks ago and became fast friends because their dorm rooms were next to each other. Now, away from home for the first time, all three want to reinvent themselves. But in the face of hand-wringing boys, "personal experimentation," influenza, mystery-mold, nu-chauvinism, and the willful, unwanted intrusion of "academia," they may be lucky just to make it to spring alive.

SEVEN STORIES

### LUCKY LUKE VOLUME 50: SEVEN STORIES TP

*(W) Rene Goscinny*
*(A/CA) Morris*

We all know that Lucky Luke has a busy life. When it's not Washington calling upon him for some national project, it's the local penitentiary asking him to recapture the Daltons. But not every moment is spent in such grand adventures. Here is a collection of smaller stories depicting the everyday life of our cowboy, from taking a child to the dentist to helping passing settlers — and even attending a classical concert in Houston! What a full life he leads! (STK664053)

### MELUSINE VOLUME 4: LOVE POTIONS GN

Tales of the Full Moon

### MELUSINE VOLUME 5: TALES OF THE FULL MOON GN

*(W) Francois Gilson (A/CA) Clarke*

Melusine, the young witch-in-training, divides her time between studying at the sorcery school and working au pair at the local vampire's castle. That's a lot of pressure, and she needs some distractions and fun too. So, what better way to take your mind off things than a good old-fashioned session of story telling with your friends? Dragons, enchanters, princes and princesses all get the fairy tale treatment — except, well, Melusine's no fairy. (STK664032)

Unfortunately, she's not always successful, and very often her tricks turn against her and her friends... But tremble, poor mortals, for it's the return of Halloween, the day of witches and the walking dead! This festival of demons must be celebrated with dignity, with great smashing of pumpkins and rotten tricks. The opportunity rises for Melusine and her friends to show what they can do! (STK348995)

New York City, 1985. Wildstyle graffiti covers subway cars. Koch is mayor. Drugs and crime rule the streets. A terrifying plague is brewing in the shadows. As the populace loses faith in the police, a man named Bernard Goetz is being hailed as a hero for shooting four teenagers in a subway car. In this 1985, however, the city's brand new guardian angels wear spandex and capes, wielding their gadgets and their superpowers to clean up the City, even if their methods hurt more people than they help. It seems like only some of New York's residents are benefitting from these vigilantes' protection. The rest whisper the name of another hero: DMC. He dons his tracksuit and Adidas sneakers to defends the city's marginalized citizens against super villain and super hero alike, leaving no traces besides the imprint of his knuckle rings on his opponents' faces. All small towns have secrets. All small towns have ghosts. Blackcross, in the Pacific North West of America, has more secrets than most. And it is being haunted by something impossible. BLACKCROSS, a supernatural extension of the PROJECT SUPERPOWERS mythos, is a ghost story about something reaching out from the other side of the night, through the forest and mist of this remote town, to grasp at the hearts of a handful of people who may not find out that they're the targets of a strange killer until it's much, much too late.

Ben Chambers is a private investigator at the end of his career, an arc best viewed through the bottom of a whiskey bottle. He has investigated missing persons, adulterous lovers, embezzling partners... and none of it has ever changed anything. Now, Ben looks at his life and wonders what was it all for, really? He resignedly takes on one last case, investigating the unsolved murder of corporate CEO Jason Black's son, an Iraq veteran killed shortly after an anti-war rally. Ben expected that his investigation would take him into the past through photos, research, and interviews. What he never expected was that the trip into earlier years would be literal.. as he time travels back to the night of the murder! Will Detective Chambers be able to save the young man's life, and if so, what kind of consequences might it have on the present? From the mind of J. Michael Straczynski, Hugo Award-winning creator of Babylon 5 and writer for the blockbuster films Thor, Changeling, and World War Z!

The horror icon Vampirella returns to her roots, courtesy of Bram Stoker Award-winning author Nancy A. Collins (Sunglasses After Dark)! Vampirella is sent by the Vatican to investigate the kidnapping of a little girl by Ethan Shroud and the Chaos Cult, only to become the centerpiece of a ritual invoking Lady Umbra, the sister-bride of Chaos, that leaves her marked as a living sacrifice to the dark goddess who rules the shadows. Hunted by the Mallus Maleficarum, an elite hit-squad of monster-killers also known as "The Witch-Hammer", she finds her world abruptly turned upside down... and herself unexpectedly allied with the strangest bedfellow imaginable!

# CAPTAIN KEN

OSAMU TEZUKA

1

From the Creator of Astro Boy & BlackJack

Captain Ken is an enigma. Not a single person alive knows who he is, why he's on Mars, or why he looks just like Miss Kenn Minakami. In a whirlwind of gunfights, horseback chases, and utter lawlessness, Captain Ken sparks a time of change. The townspeople seek to rid themselves of the corrupt Mayor Deven, and the Martians seek to reclaim the cities they were chased out of. Our valiant hero, while assisting every damsel in distress, loses sight of his own vendetta.

### ROLLER GIRL GN

*(W/A/CA) Victoria Jamieson*

For fans of *Smile*, a heartwarming graphic novel about surviving middle school through the power of roller derby. For most of her 12 years, Astrid has done everything with her best friend Nicole. But after Astrid falls in love with roller derby and signs up for derby camp, Nicole decides to go to dance camp instead. And so begins the most difficult summer of Astrid's life as she struggles to keep up with the older girls at camp, hang on to the friend she feels slipping away, and cautiously embark on a new friendship. As the end of summer nears and her first roller derby bout (and middle school!) draws closer, Astrid realizes that maybe she is strong enough to handle the bout, a lost friendship, and middle school — in short, strong enough to be a roller girl. ### JERUSALEM: CHRONICLES FROM THE HOLY CITY TP

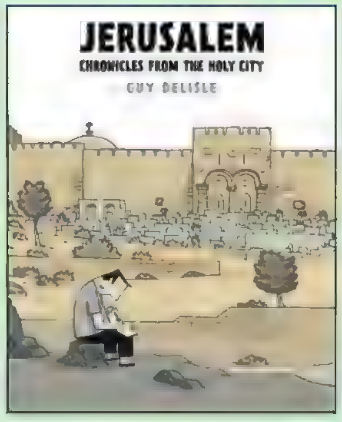
*(W/A/CA) Guy Delisle*



Available for the first time in a new trade paperback edition, with supplementary material added especially for this edition. Guy Delisle expertly lays the groundwork for a cultural road map of the Holy City, utilizing the classic stranger in a strange land point of view that made his other books required reading for understanding what daily life is like in cities few are able to travel to. *Jerusalem* explores the complexities of a city that represents so much to so many, eloquently examining the impact of conflict on the lives of people on both sides of the wall while drolly recounting the quotidian: checkpoints, traffic jams, and holidays. A sixteen-page appendix to the paperback edition lets the reader behind the curtain, revealing intimate process sketches from Delisle's time in the city. (STK665208) (C: 0-0-1)

### BURMA CHRONICLES GN

*(W/A/CA) Guy Delisle*

Burma is a country notorious for its use of concealment and isolation as social control, where scissors-wielding censors monitor the papers, the de facto leader of the opposition has been under decade-long house arrest, insurgent-controlled regions are effectively cut off from the world, and rumor is the most reliable source of current information. Guy Delisle turns his gaze to the everyday for a sense of the big picture. *Burma Chronicles* is drawn with a minimal line, and interspersed with wordless vignettes and moments of Delisle's distinctive slapstick humor. ### EVEN MORE BAD PARENTING ADVICE GN

*(W/A/CA) Guy Delisle*

*Even More Bad Parenting Advice* marks Guy Delisle's second foray into the world of offering bad advice to parents, and a second opportunity to express the minor frustrations and many joys of parenting. Delisle's skillful hand at illustration and ironic way with words, which helped to popularize his travelogues about daily life in faraway places, are just as much the stars here as he or his children are. Delisle celebrates the reality that parenting isn't all first steps and gold-starred report cards; it's stinky diapers and never-ending drives to the grocery store, too. (STK646551)

HARK! A VAGRANT
KATE BEATON

*Hark! A Vagrant* is an uproarious romp through history and literature seen through the sharp, contemporary lens of *New Yorker* cartoonist and comics-sensation Kate Beaton. No era nor tome is left unscathed as Beaton rightly skewers the Western World's revolutionaries, leaders, sycophants, and suffragists while equally honing her wit on the hapless heroes, heroines, and villains of the best-loved fiction. In just four years, Beaton has taken the comics world by storm with her non sequiturs, cheeky comebacks, and irreverent punch lines. (STK450234)

### PYONGYANG: A JOURNEY IN NORTH KOREA TP

*(W/A/CA) Guy Delisle*

Famously referred to as one of the "Axis of Evil" countries, North Korea remains one of the most secretive and mysterious nations in the world today, even after the death of Kim Jong-il. In early 2001 cartoonist Guy Delisle became one of the few Westerners to be allowed access to the fortress-like country. While living in the nation's capital for two months on a work visa for a French film animation company, Delisle observed what he was allowed to see of the culture and lives of the few North Koreans he encountered; his findings form the basis of this remarkable graphic novel. SHENZHEN
A TRAVELOGUE FROM CHINA

*Shenzhen* is entertainingly compact with Guy Delisle's observations of life in urban southern China, sealed off from the rest of the country by electric fences and armed guards. With a dry wit and a clean line, Delisle makes the most of his time spent in Asia overseeing outsourced production for a French animation company. He brings to life the quick pace of Shenzhen's crowded streets. Delisle skillfully notes the differences between Western and Eastern cultures, while also conveying his compassion for the simple freedoms that escape his colleagues in the Communist state. With *A User's Guide to Neglectful Parenting*, the dry humor that pervades Guy Delisle's landmark and praised graphic travelogues takes center stage. Quick, light vignettes play on the worries and cares any young parent might have, and offer wry solutions to the petty frustrations of being a dad who works from home. Readers The relationship between young child and all-too-irony-aware parent is beautifully done here, and Delisle's loose flowing style has been set free, creating a wonderful sense of motion throughout. *A User's Guide* is an intimate, offbeat look at the joys of parenting. ### PUPPET MASTER: THE OFFERING #1
### Action Lab Entertainment

CHARLES BAND'S
PUPPET MASTER

In the wake of cult-classic horror films like *Friday the 13th*, *Nightmare on Elm Street*, and *Halloween*, there was a new brand of horror films emerging in the 90's that found new and even stranger ways of inviting bloodshed. Rather than introduce even more variations of the masked serial killer, movies like *Child's Play*, *Critters*, and *Puppet Master* were introducing sadistic but strangely "loveable" creatures for audiences to cheer for. Like their serial killer predecessors, these "cute-but-callous-creature" horror movies would not fade quickly from horror fans' minds but become their own storied franchise of sequels. In some cases, these sequels still continue to make their appearances now over twenty years from their inception. So here we are, twenty-five years from the first film and 9 sequels later, *Puppet Master* continues to haunt horror fans with an all new comic series.

Bodega Bay Inn, once again, sets the stage for another puppet-fueled massacre as a group of unfortunate teens decide to visit the now-abandon spot. Of course we all know what curiosity does for these unlucky "kats" but it's really the creative kills we've all come here for.

Shawn Gabborin of Zombie Tramp brings horror fans' favorite marionettes to comics with the help of artist Michela Da Sacco who may just see a little more notoriety after readers get a look at her impressively rendered versions of the infamous puppets. Say what you will about some straight-to-video horror sequels these days, but it looks like *Puppet Master: The Offering* could expand the franchise in a new and positive direction.

### PROJECT SUPERPOWERS: BLACKCROSS #1

### Dynamite Entertainment

The original *Project Superpowers* was a comic event that re-introduced readers to many of comics' earliest superheroes with the help of Alex Ross and his familiar, larger-than-life rendition. In 2015, the *Project Superpowers* legacy starts a new chapter with an all new direction and creative team that should surprise and satisfy readers' expectations.

The Black Terror takes the helm in a much darker and moodier superhero story from famed writer Warren Ellis. The small, quiet town of Blackcross suddenly finds itself with a peculiar murder and strange, supernatural happenings. Local resident, Rob Benton (formally known as The Black Terror) has been hiding with witness protection up until the mysterious murder case begins exposing elements of his past he hadn't counted on facing.

Dynamite regular Colton Worley illustrates a much grittier perspective on superheroes with this new mystery thriller from the *Project Superpowers* universe. Superheroes go the route of *Twin Peaks* in Blackcross.

*(W) Roy Thomas, Dick Briefer*

*(A/CA) Dick Briefer*

Dick Briefer's *Frankenstein* is widely regarded as being America's first ongoing horror series. Indeed, it was Briefer's work that probably caused the creature to be actually named as Frankenstein instead of the nameless monstrosity from Shelley's novel. Splitting the stories between two stools — humor and horror — Briefer's tales are absorbing and unsettling in equal parts. Some of the humorous material has already been reprinted, though not necessarily in order nor in total. Until now, of course! Collects issues #28-33, December 1952 to November 1954. (STK664463)

## BILL AND TED'S MOST TRIUMPHANT RETURN

### BOOM! Studios

In difficult times, it is important that we remember to love, to be kind, and to be excellent to each other. However, there is one life rule that is often overlooked -- **Party On, Dudes!**

Many years ago, two of the greatest time traveling, rock & roll loving, party animals instilled those rules in audiences and made history. Now, they are back for one more reunion tour.

This spring, Bill S. Preston Esq. and Ted "Theodore" Logan bring Wyld Stallyns back to San Dimas for an all new adventure beginning in March from BOOM! Studios. One of the most beloved film properties from the late 80s, *Bill and Ted's Most Triumphant Return* sees the two bros traversing time yet again as they reunite with several historical figures, while meeting some new faces along the way. The most heinous Chuck De Nomolos is out to tarnish the Wyld Stallyns' reputation, so our heroes set out to show a young Nomolos how to party.

Writer Brian Lynch and artist Jerry Gaylord deliver a tale of historical proportions that portrays the lighthearted nature of the early Keanu Reeves and Alex Winter in the most excellent way. The art perfectly recaptures the spirit and likeness of the characters. Additionally, with a backup provided by Ryan North and Ian McGinty, there is plenty of bodacious content to go around.

While we await the long rumored third movie in the franchise, *Bill and Ted's Most Triumphant Return* provides good, light hearted fun that guarantees to satisfy that wyld itch.

*(W/A/CA) Kevin McCloskey*

What do worms do all day? How do they see? And why are they so cold and squishy? Find out by going on an underground tour through the hidden world of earthworms. Kevin McCloskey's book even shows readers what's happening inside a worm's body — brain, crop, gizzard, and more. The book takes young readers from "ew!" to "wow!" as they learn about the different ways worms work hard to help the earth. Kids may pick up many of the life science lessons contained here on their first read, but they'll return to *We Dig Worms!* again and again to rediscover its story. (STK664241)

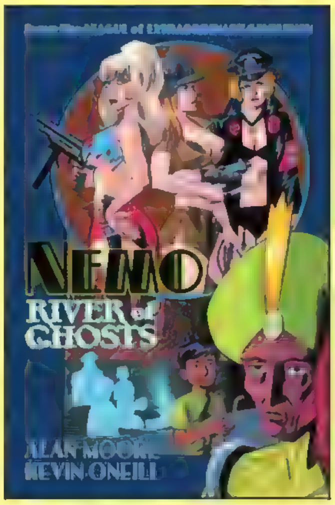
### NEMO: RIVER OF GHOSTS HC

*(W) Alan Moore*

*(A/CA) Kevin O'Neill*



In a world where all the fictions ever written coalesce into a rich mosaic, it's 1975. Janni Dakkar, pirate queen of Lincoln Island and head of the fabled Nemo family, is eighty years old and beginning to display a tenuous grasp on reality. Pursuing shadows from her past — or her imagination — she embarks on what may be a final voyage down the vastness of the Amazon, a last attempt to put to rest the blood-drenched spectres of old. With allies and adversaries old and new, we accompany an aging predator on her obsessive trek into the cultural landscape of a strange new continent, from the ruined city of Yu-Atlanchi to the fabulous plateau of Maple White Land. As the dark threads in her narrative are drawn into an inescapable web, Captain Nemo leads her hearse-black *Nautilus* in a desperate raid on horrors believed dead for decades. ### NEMO: HEART OF ICE HC

*(W) Alan Moore (A/CA) Kevin O'Neill*

The bestselling *League of Extraordinary Gentlemen* series continues in this stand-alone graphic novel! It's 1925, fifteen long years since Janni Dakkar first tried to escape the legacy of her dying science-pirate father. Now, tired of her unending spree of plunder and destruction, Janni launches a grand expedition to surpass her father's greatest failure: the exploration of Antarctica. Hot on her frozen trail are a trio of genius inventors, hired by an influential publishing tycoon to retrieve the plundered valuables of an African queen. It's a deadly race to the bottom of the world — an uncharted land of wonder and horror where time is broken and the mountains bring madness. ### NEMO: ROSES OF BERLIN HC

*(W) Alan Moore (A/CA) Kevin O'Neill*

It's now 1941, and with her daughter strategically married into the family of aerial warlord Jean Robur, Janni's raiders have only limited contact with the military might of the clownish German-Tomanian dictator Adenoid Hynkel. But when the pirate queen learns that her loved ones are held hostage in the nightmarish Berlin, she has no choice save to intervene directly, travelling into the belly of the beastly metropolis. Within that alienated city await monsters, criminals and legends, including the remaining vestiges of Germany's notorious "Twilight Heroes," a dark Teutonic counterpart to Mina Murray's League of Extraordinary Gentlemen. ### THE LEAGUE OF EXTRAORDINARY GENTLEMEN III: CENTURY: THE COMPLETE EDITION HC

*(W) Alan Moore (A/CA) Kevin O'Neill*

The 19th-century left the division of Military Intelligence commanded by Mina Murray in a state of disrepair. Now it is the early years of a new and unfamiliar century, and forces are emerging that appear to promise ruin for the Murray group, the nation, and indeed the world, even were it to take a hundred years for this apocalyptic threat to come to its disastrous fruition. From the occult parlours and crime-haunted wharfs of 1910, through the criminal, mystical and psychedelic underworlds of 1969 to the financially and culturally desolated streets of 2009, the disintegrating remnants of Miss Murray and her League must combat not only the hidden hand of their undying adversary, but also the ethical and psychological collapse accompanying this new era. ## CAPTAIN KEN VOLUME 1 GN

### Digital Manga

All of this past year, Digital Manga has been quietly and expertly publishing some of the greatest works from the library of world renown manga artist, Osamu Tezuka. Tezuka famously delivered Astro Boy, Unico, Kimba the White Lion, Black Jack, and hundreds of other characters into the publishing world and ushered in the age of modern manga. It is a pleasure and a supreme delight to be able to talk about the latest project in Digital Manga's line of brilliant translations and presentations: *Captain Ken*.

Captain Ken, an enigmatic champion of justice, rides to the rescue, but it will take more than one may to turn the tides of war. A two volume story, this gunslinging science fiction "western" set on the dusty red soil of Mars has all the earmarks of a lighthearted Tezuka fling. Adorable characters ride horses, wear flamboyant outfits, and guess at fairly transparent secret identities. Yet, as Tezuka has done countless times in his long career, he sets up these childlike characters to tell an intensely jarring narrative. Interracial clashes between Martians and humans, slavery, death camps, systematic genocide, and slaughter on all sides stand in stark contrast to the cutesy character design in this space-western. That very contrast highlights on a visceral level the terrible toll that colonization has taken on innocent lives. The parallels to specific dark times in human history are intentionally obvious. However, thanks to the heartfelt way that Tezuka approaches all his characters, the reader never feels lectured or disconnected from the ray guns and galloping low-gravity chases that drive the story.

Cute enough for older readers, yet shocking enough for kids, Tezuka knows what we want in an action comic and keeps us glued to the edge of our seats!

### TOONS IN TOYLAND: THE STORY OF CARTOON CHARACTER MERCHANDISE HC

*(W) Tim Hollis*

Every living American adult likely prized one childhood toy that featured the happy image of an animated cartoon or comic strip character. Tim Hollis examines the entire story of character licensing and merchandising from a historical view. *Toons in Toyland* focuses mainly on the post-World War II years, circa 1946–1980. During those years, the mass merchandising of cartoon characters peaked. Chapters examine storybooks (such as Little Golden Books), comic books, records, board games, jigsaw puzzles, optical toys (including View-Master and Kenner's Give-a-Show Projector), and holiday paraphernalia. ### COMICS AND LANGUAGE: REIMAGINING CRITICAL DISCOURSE ON THE FORM SC

*(W) Hannah Miodrag*

It has become an axiom in comic studies that "comics is a language, not a genre." But what exactly does that mean, and how is discourse on the form both aided and hindered by thinking of it in linguistic terms? In *Comics and Language*, Hannah Miodrag challenges many of the key assumptions about the "grammar" and formal characteristics of comics and offers a more nuanced, theoretical framework that she argues will better serve the field by providing a consistent means for communicating critical theory in the scholarship. She exposes the problems embedded in the ways critics have used ideas of language, literature, structuralism, and semiotics, and sets out a new and more theoretically sound way of understanding how comics communicate. *(W) Joseph J. Darowski*

One of Marvel Comic's most popular franchises for five decades, the Avengers have always been reflective of their times, having adapted to an evolving readership to remain relevant. This collection of fresh essays by popular culture scholars examines Avengers story lines such as the *Korvac Saga*, *Civil War*, and *Secret Invasion*, and scrutinizes key characters including the Black Panther and Hank Pym. Essays explore how real-world events such as the Cuban Missile Crisis, the Vietnam War, the end of the Cold War, and 9/11 influenced popular entertainment in America. THE AGES OF THE AVENGERS
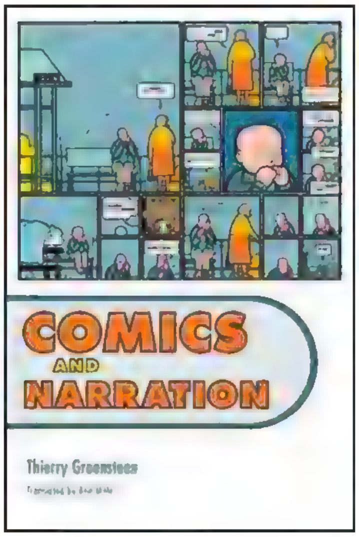
Essays on the Earth's Mightiest Heroes in Changing Times
EDITED BY JOSEPH J. DAROWSKI



### COMICS AND NARRATION SC

*(W) Thierry Groensteen*

In Thierry Groensteen's *The System of Comics*, the comics theorist set out to investigate how the medium functions, introducing the principle of iconic solidarity, and showing the systems that underlie the articulation between panels at three levels: page layout, linear sequence, and nonsequential links woven through the comic book as a whole. He now develops that analysis further, using examples from a very wide range of comics, including the work of American artists such as Chris Ware and Robert Crumb. He tests out his theoretical framework by bringing it up against cases that challenge it, such as abstract comics, digital comics, and shoujo manga. (STK663323)

### CHESTER BROWN: CONVERSATIONS SC

*(A/CA) Chester Brown*

The early 1980s saw a revolution in mainstream comics — in subject matter, artistic integrity, and creators' rights — as new methods of publishing and distribution broadened the possibilities. Among those artists utilizing these new methods, Chester Brown quickly developed a cult following due to the undeniable quality and originality of his *Yummy Fur* (1983–1994). *Chester Brown: Conversations* collects interviews covering all facets of the cartoonist's long career and includes several pieces from now-defunct periodicals and fanzines. ### DRAWING FROM LIFE: MEMORY AND SUBJECTIVITY IN COMIC ART SC

*Drawing from Life: Memory and Subjectivity in Comic Art* is a collection of essays about autobiography, semi-autobiography, fictionalized autobiography, memory, and self-narration in sequential art, or comics. Contributors come from a range of academic backgrounds including English, American studies, comparative literature, gender studies, art history, and cultural studies. The book engages with such well-known figures as Art Spiegelman, Marjane Satrapi, and Alison Bechdel; with such cult-status as Martin Vaughn James; and with lesser-known works by such artists as Frédéric Boilet. # ACE™ = ALL COMICS EVALUATED

ACE is the new monthly magazine created to fill a void in the comic book world, a publication devoted to covering the extraordinary realm of comics today. We examine comic books, graphic novels, comics-related media, gaming, and merchandise, and also comics' expanding influence on our culture. Each issue includes interviews with top creators, features on what's hot and what to watch out for, reviews of the very best, articles on our rich and diverse history, and just plain fun stuff. ACE will inform and entertain.

Our name ACE is an acronym for "All Comics Evaluated," which has a double meaning: first, we regard the critical worth of comics and comics-related material. And second, with a comprehensive and up-to-date price guide in every issue, ACE is a tool for both collectors to monitor the value of their collections and for readers to accurately price a desired title.

ACE is produced by an award-winning editor who has covered the field for nearly 20 years and a publisher with two decades experience as a retailer. We know the realm of comics and realize we are in the most exciting time ever, with the entire planet taking notice of what we've always enjoyed. And now there is ACE, a magazine to showcase and evaluate the absolute best our world has to offer.

### STAR TREK CADET SERIES: DEEP SPACE 9 1/2500-SCALE SNAP MODEL KIT SET

*Star Trek: Deep Space Nine* television show focused on a Federation space station tasked with monitoring a nearby wormhole for signs of enemy advances. Though DS9 would never move, all sorts of spacecraft could be seen flying by and docking at the station. This 3-ship Cadet Series set focuses on the spacecraft made iconic on this show. The *U.S.S. Saratoga* was the ship that DS9's Captain Benjamin Sisko had previously been assigned to though it was tragically lost in an attack by the infamous Borg. The *U.S.S. Defiant* was an experimental "hot rod" of a spacecraft designed by the federation for speed and firepower to defend the station. Like all great *Trek* series, an alien race always proves best to serve as an adversary. In this case the Cardassians filled that role and their primary ship of choice was the *Galor*-class cruiser. These 1/2500-scale snap-assembly kits offer plenty of detail. (STK664527) Scheduled to ship in March 2015. ### PANDEMIC: THE CURE DICE GAME

*Pandemic: The Cure* is a dice-based version of the popular *Pandemic* board game, sets up in less than a minute, and features an average playtime of 30 minutes. As in the board game, four diseases threaten the world and it's up to your team to save humanity. Each player takes on a different role that has its own unique set of dice and abilities — and players must take advantage of their specializations if they are to have any hope of winning the game. Players can roll their dice as often as they like, but the more times they re-roll for the perfect turn, the more likely the next epidemic will occur. If, at any time, any region is infected with more than three dice of a given color, an outbreak occurs, spreading disease into an adjacent region. If too many outbreaks take place, or the rate of infection gets too high, all the players lose. If, however, the players can discover the cures to the four diseases, they all win and humanity is saved! (STK666142) (C: 0-1-2)

*From Sentai Filmworks.* Not every girl gets what she wants on her 16th birthday, but Kobeni's gift is something she never saw coming: an arranged marriage! Then the groom-to-be, Hakuya, and his younger sister, Mashiro, show up on her family's doorstep to move in with them! But it's not until they start attending Kobeni's school that things take an even stranger turn after she starts to pick up some very unusual vibes from her potential future family. 冷徹

### HOZUKI'S COOLHEADEDNESS

*From Sentai Filmworks.* There are hard jobs and there are jobs that seem outright impossible, but in the end, the most difficult job in all creation probably belongs to Hozuki, Hell's hardest working bureaucrat. That's because Hozuki is Deputy Chief to Enma, the King of Hell. Enma spends all his time sitting in judgment of the recently deceased, so it's up to Hozuki to keep the dark half of the afterlife running smoothly. And that would be hellishly complicated even if Hell wasn't constantly short on good help. Fiendishly clever and determined enough to dedicate multiple lifetimes to a task, he'll get the job done even if it means breaking a few unbreakable rules and running circles around Hell's normal operating procedures. As for patience... well, Hell hasn't frozen over quite yet, so the verdict's still out on that, but he doesn't suffer fools lightly, let alone damned fools. After all, that Highway to Hell isn't going to get paved with just good intentions, so if someone has to suffer for all eternity, Hozuki's damned sure that it's not going to be himself! (STK665075)

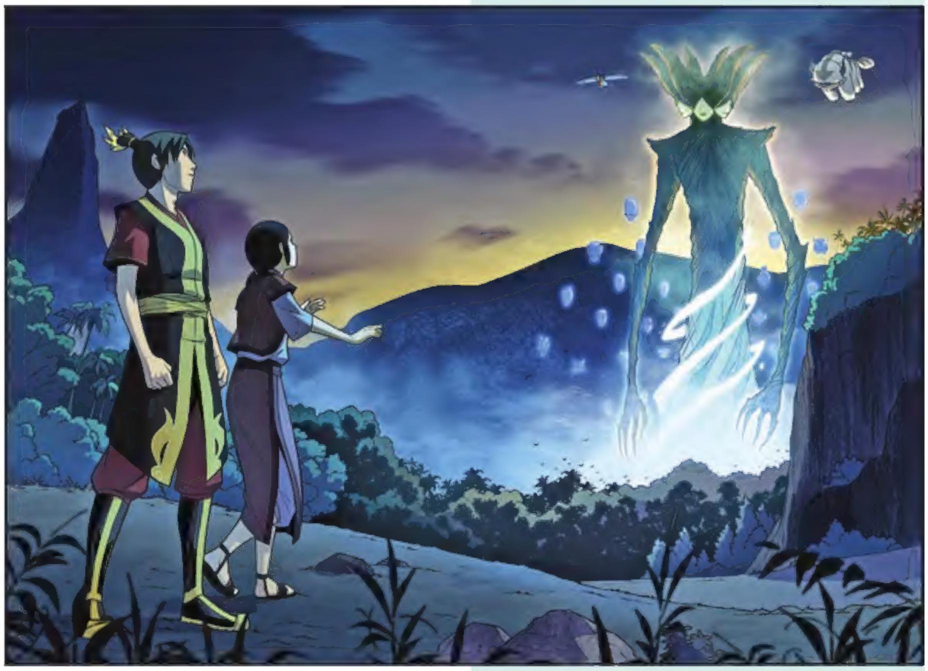
# GENE LUEN YANG:

## THE LAST WORDBENDER!

Gene Luen Yang has been writing Dark Horse Comics' *Avatar: The Last Airbender* graphic novels for several years now, and has made the series a bestseller for the publisher, carrying on the story of the mythical land and its conflicts and adventures.

As we announce this year's latest crop of Free Comic Book Day titles — including an all-new all-ages sampler from Dark Horse featuring a new *Avatar* story—we spoke to Gene about his work on *Avatar*, future developments for the series, his latest creator-owned project, and more…



***PREVIEWS*** **You've been working on the *Avatar* graphic novels for a few years now. How has the experience been?**

**Gene Yang:** It's been amazing. Best part? I get to e-mail *Avatar* creators Mike DiMartino and Bryan Konietzko and they totally e-mail me back!

It's a very different experience from working on my graphic novels for First Second Books. Those projects are with a very small group of folks, and we're generally working in a framework that I created either on my own or with a single partner.

Here, I'm working within an existing universe, using existing characters. I'm part of a larger creative team. I'm not just trying to express a personal vision; I'm also trying to stay true to what came before. The challenges are different. We go back and forth a lot. There's more room for surprise because there are more minds involved. And what ends up on the page is almost always better than what I'd been able to imagine on my own.

I've learned so much from working with everyone, especially Mike and Bryan. They are world-class storytellers. It's been a privilege to get an up-close look at how their storytelling instincts work. And Gurihiru are shockingly good artists, among the best in the industry.

***P*****: You've written three series in the *Avatar* world so far. What is it about the series that keeps you interested and enthused to write it?**

**Gene:** I'm a huge fan of the original Nickelodeon show. I believe it's the best-written American animated series ever. It was meant for kids, but it tackled adult themes with nuance and humor. When Dark Horse asked me to write the *Avatar* graphic novels I jumped at the chance.

The Avatar-verse is complex enough and deep enough to hold all sorts of stories. The characters are three-dimensional, the magic system well defined, the history rich. I believe the Avatar-verse has the potential to be like the *Star Wars* universe, supporting multiple titles in different eras. The groundwork is all there.

Please note: That's just my own personal opinion, as a fan. I have no idea what Nickelodeon's plans are for the universe!

***P*****: You've just wrapped up *The Rift*. Can you give us any hints as to what's coming in the next series?**

**Gene:** The next series is called *Smoke and Shadow*, and we're moving the action back to the Fire Nation. Fire Lord Zuko brings his mother Ursa and her family back home for the first time since Ursa's exile. All the while, he has to deal with the New Ozai Society, an organization dedicated to dethroning him. The New Ozai Society also happens to be headed up by his ex-girlfriend's father.

We're going to work in some Spirit World stuff. Mike and Bryan shared with me a really cool Fire Nation idea that they weren't able to fit into *Avatar: The Last Airbender*. We're making it an official part of the mythology here.

***P*****: How far do you see the *Avatar* series going? Do you think you'll eventually catch up to *Legend of Korra*?**

**Gene:** I would love for the books to continue indefinitely. I'm not really a part of that decision-making process, though. That's really up to Nickelodeon and Dark Horse.

**P: Have there been any challenges working on the series, since you were a fan before you started writing the books?**

**Gene:** I said that I jumped at the chance to work on these books. Well, after jumping, I became really, really intimidated. They're big shoes to fill, you know? To help me stay true to the characters' voices, I had *Avatar* episodes playing in the background for about a month as I was working on my other projects.

I'm very, very lucky to be working with the original creators. Mike and Bryan give me feedback on every outline and every draft. I also get input from Joan Hilty, a wonderful editor at Nickelodeon. They let me know when things feel off.

**P: What do you think is it about the *Avatar* series that inspires such passion and devotion from the fans?**

**Gene:** *Avatar* has the perfect mix of the fantastic and the familiar. The bending, the creatures, and the costumes are constant reminders that we are not at home. At the same time, the drama the characters go through reflects universal human experiences. We've all struggled with self-doubt. We've all known the pain of unrequited crushes. We've all had a little too much cactus juice at one time or another. And we've all had to rely on our friends to get through the day.

**P: Has working on the *Avatar* graphic novels changed anything about how you approach working on your own comics, and if so, how?**

**Gene:** Absolutely. Before this, I'd never done serialized stories before. I've learned how to maintain dramatic tension, how to plot over several volumes, how to pace out my setups and payoffs.

I'm using a lot of what I've learned to write *Secret Coders*, my first creator-owned serialized story. *Secret Coders* is being illustrated by Mike Holmes, an incredibly dynamic cartoonist who's probably best known for his work on *Bravest Warriors*.

*Secret Coders* is kind of like Harry Potter. A group of middle-school kids discover a secret school. However, instead of magic, the secret school teaches computer coding. We're hoping that as the protagonists become coders, the readers will too. The first volume will be out from First Second Books at the end of 2015.

**P: Who would you say is your favorite character in *Avatar*, either to write or as a fan (or both)?**

**Gene:** When I was watching the show it was Zuko. Everybody can relate to his struggle for what's right. He's so torn by good and evil that it shows up on his face.

Since writing the comics, my favorite character has been Toph. She has such stark personality, I almost don't have to write her. I just close my eyes and I can hear her yelling at me.

**P: You've done a few Free Comic Book Day events so far. What do you enjoy most about participating in FCBD?**

**Gene:** I've done a few FCBD signings and it's always been a ton of fun. I grew up going to my local comic book store every week, so I'm happy to support the direct market in any way I can. Every FCBD event I've done has been a party!

**P: What is the best aspect of FCBD for you, as a creator and/or as a fan?**

**Gene:** The enthusiasm people have for Free Comic Book Day shows that comic books are still a vital part of our culture. It isn't just because they're *free*. It's also because they're comics. People are there for comics. Because comics are awesome.
